December 2011

## PRESIDENT'S MESSAGE

General Meeting:  
Second Tuesday of the month  
Katherine Heidenreich Senior Center  
1776 Airway Ave.,  
Kingman, AZ 86401  
General Meeting  
7:00 PM

December brings us to the close of 2011 and the prospects of a new year in 2012. Your new officers for 2012 are: Billy Buck, President; Clarkie Segreaves, Vice-President; Brian Murphy, Secretary and Shirley Darga, Treasurer. The former Board will be in the process of turning over the reins and we hope the members will support them in their efforts in the coming year.

Our Thanksgiving in the Desert III from 23 to 26 Nov at Burro Creek campground was another success. Thirteen attended, some from CA, to partake in turkey and all of the trimmings. It is hoped that more of you will consider attending next year.

Projects like our annual Gem and Mineral Show takes a lot of work. Much is planned well in advance of the actual event. Mary and her committee have been working hard to get things in place. Over 60 vendors have been contacted and at least 10 have paid their fees thus far. It looks like another terrific show will be presented in Kingman. For those of you who may not know – this is our 42<sup>nd</sup> Annual Gem & Mineral Show.

Four of us still offer individual instruction and use of our equipment for your lapidary needs. You can call Gary at 757-8121; Roger at 757-1052; Stefan at 715-4173 or me at 681-2371 to schedule time to cut rocks, trim slabs or do lapidary on a cost basis with our equipment. You get access to supplies if you need them as well as see different equipment before you buy.

**FRED BUNGE, President**

## **December Birthstone**

Birthstone for December is the Turquoise. So named because it was initially brought to Europe by way of Turkey, this stone is one of the first gems to be used in jewelry. Turquoise was considered by ancients to be a sacred stone, protective against all manners of evil and ill health. This beautiful gemstone is mined in Iran and the southwestern United States.

Blue Topaz is the hardest of the silicate minerals. While pure Topaz is colorless, minor changes of elements within the stone result in a variety of other colors, such as blue, pale green, red, yellow and pink.

I remember a vivid blue Zircon ring my parents gave me for my birthday one year, and until recently, thought that it was the one true stone for December. Go figure.

If cold December gave you birth, The month of snow and ice and mirth,  
Place on your hand a stone of blue; Success will bless whate'er you do.

The accepted stones for the month of December are Turquoise, Zircon, Blue Topaz, and Tanzanite.

Blue for cold? I wonder.

## Thanksgiving Feast in the Desert III

After the wind and chill of last year, I did not know what to expect. But, it was better than I had any right to imagine. About 14 robust members came out bearing food and snacks for our feast. We had Turkey and gravy, Sweet Potatoes, stuffing, and pumpkin pie(thank you Fred & Dorothy), mashed potatoes, green beans, and a relish tray (thank you John & Laraine), a survival soup, rolls and butter, and carrot cake (thank you Todd& Ronda), a yummy fruit salad, whose name escapes me at the moment, and cranberries (thank you Jack & Cheri), a second yummy fruit salad(thank you Gary & Linda), and some Cinnamon rolls from Dennis, a friend of John & Laraine's. If I missed anyone or anything>I plead dementia from eating too much food.

This year the Campground was not as crowded as last year and we picked a site that had plenty of room for milling, laying out the food, parking, and camping. It was great. One of the neat things about Burro Creek Campground is, after you fill up on food, you can relax and mellow, and then take a walk for as far as you like and feel better yet.

There is nothing like getting together around a campfire with friends and spending time on Thanksgiving. It seems to put things in a pleasant perspective. And...then the rain came and called it a day for us.

Except for that one cloud burst the rest of the time the skies were clear. At night the stars look so close and bright you feel as if you can brush them with your fingertips. It was beautiful no matter what time you were out and about.

For those of us who have been in attendance every year, I believe this is a tradition that will endure.
